## FISCAL ANALYSIS

### ASSUMPTION

**Oversight** was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Officials from the from the **Hermann Area District Hospital** state they feel the proposal may have some savings because there will no longer be a duplication of codes so compliance would be simpler.

**Oversight** notes the Hermann Area District Hospital's response did not indicate whether the savings would be significant and, therefore, assumes the statement "some savings" indicates a minimal fiscal impact.

Officials from the **Joint Committee on Administrative Rules (JCAR)** state the legislation is not anticipated to cause a fiscal impact to JCAR beyond its current appropriation.

**Oversight** assumes the **Office of Secretary of State (SOS)** will not incur significant expenses as a result of this proposal based on responses to other bills from this session with similar rules language.
